- AIA Nebraska Plan Rooms**
- AIA National** – National Home page for the American Institute of Architects
- AIA National: How Design Works for You** – Here you can find answers and tools to guide you through the five stages of design, and watch clients and architects describe how the process worked for them. Prepare yourself for a rewarding relationship with an AIA architect.
- AIA National Convention and Expo Web site** – This site provides members with complete up-to-the-minute convention information. It also lets members register online to attend the convention.
- The AIA Trust** – The AIA Trust was established in 1952 by The American Institute of Architects as a separate entity. The Trust selects member programs in conjunction with independent consultants to meet the Institute's high standards of quality, value, financial stability, service, and coverage. The Trustees are dedicated to providing AIA members with solid, current information to help with good decisions about complex and expensive matters. The AIA Trust serves as your advocate in getting information and claims handled properly and promptly.
- e-architect.com** – This site provides information, job postings, news and forums for architects and those involved in the profession.
- USGBC: U.S. Green Building Council / Flatwater Chapter** – To serve as a catalyst for change in the Eastern Nebraska/Western Iowa Region by promoting green building practices, technologies, policies and standards through partnerships with other organizations.
