The AIA NE ARE Study Seminars will be offered to all Architecture Registration Exam Candidates. The monthly two-part Seminar Series is sponsored by AIA NE. The first Tuesday of the month, the Series encompasses a basic review of the major topics covered in each division of the ARE and serves to assist the candidate's preparation by providing an organized approach to studying and by presenting concise and practical reference materials. The Seminars will be conducted via web-based, presented by professionals with experience in each specific division of the ARE. The third Tuesday of the month will allow participation in an open question and answer period following the earlier Seminar.

The AIA NE ARE Study Seminar Series is not presented by a professional profit-making corporation, but by a non-profit organization whose primary goal is to better prepare each candidate for passing the exam. We rely heavily on the volunteer participation of speakers and AIA NE members to provide an excellent, low-cost structure for exam preparation as well as the opportunity to share resources and form study groups. If you know of someone who could benefit from the study series, please pass along this information or direct to the AIA NE website at www.aiane.org
