Firm Philosophy & Objectives

The Clark Enersen Partners was formed in 1946 for the practice of architecture, landscape architecture and planning. All design disciplines—architecture, landscape architecture, interior design, structural engineering, mechanical engineering and electrical engineering—are represented in-house. We believe our status as a full service firm enhances our ability to provide premier service to our clients. Individuals with diverse education, skills, and experience interact with the owner and within the team to produce imaginative, responsive, and responsible solutions to complex design challenges. The mission of The Clark Enersen Partners is to strive as a team for excellence in the design professions. Our philosophy is that design is a creative process shaped by client needs and driven by strong concepts.
