Design Architect – Sioux City Office

FEH Design

Architecture | Structural Engineering | Interiors

Sioux City, Iowa / Des Moines, Iowa / Dubuque, Iowa / Delafield, Wisconsin

FEH Design is a multi-disciplinary A/E firm offering Architectural, Structural Engineering and Interior Design services over a multi-state region through four offices. FEH Design is a general practice firm with experience in a variety of building types.

FEH Design can offer the successful candidate opportunities to grow within the firm, the profession and the Sioux City community. This position offers potential ownership opportunities.

Candidate must have 12 -15 years of experience as a registered Architect with an emphasis on design and planning. Marketing and business development skills are also required. Strong emphasis on graphic and computer presentation techniques, planning/ programming, initial concept design and cost estimating. Must be self-motivated and team oriented. REVIT experience is also desirable.

FEH Design offers an excellent benefits package.

Qualified Candidates are urged to send resumes to:

Ron Speckmann, AIA
