Architect/Project Manager – Sioux City Office

FEH Design

Architecture | Structural Engineering | Interiors

Sioux City, Iowa / Des Moines, Iowa / Dubuque, Iowa / Delafield, Wisconsin

FEH Design is a multi-disciplinary A/E firm offering Architectural, Structural Engineering and Interior Design services over a multi-state region through four offices. FEH Design is a general practice firm with experience in a variety of building types.

FEH Design offers the successful candidate opportunities to grow within the firm, the profession and the Sioux City community.

Candidate must have 8 -10 years of experience as a registered Architect and should be capable of working on several projects simultaneously. Must be self-motivated and team oriented. Experience in design, design development, construction documents and contract administration are essential. Skills in cost estimating, consultant coordination and client interaction are also required. REVIT experience is also desirable.

FEH Design offers an excellent benefits package.

Qualified Candidates are urged to send resumes to:

Ron Speckmann, AIA

Principal

701 Piece Street, Suite 100

Sioux City, IA 51101

Or Email to: rons@fehdesign.com
